FOR IMMEDIATE RELEASE  
11:15 AM CDT, Friday, January 13, 2017

### **City Offices Closing at 12 Noon on January 13, 2017**

SEDALIA, MISSOURI: The forecasted ice storm has started to impact Sedalia and central Missouri. The Pettis County Emergency Management Agency (EMA) indicates that Sedalia may receive an accumulation of ice anywhere from a ½ inch to ¾ of an inch.

The City of Sedalia has activated the Emergency Snow Routes so that emergency services can be provided to our citizens during this storm. A reminder that those routes are in effect now until further notice – *please do not park on the streets designated as Emergency Snow Routes.*

In light of the worsening weather conditions, City Offices will be closing to the public at 12 Noon today, January 13, 2017. Residents are encouraged to keep roads clear to assist City personnel in emergency response.
