FOR IMMEDIATE RELEASE
2:00 P.M. CDT, June 28, 2018

STREET MAINTENANCE: CHIP AND SEAL AND CRACK SEALING

(SEDALIA, MISSOURI) The City of Sedalia will continue chip and seal and crack sealing on Sedalia streets next week. The following is a list of streets where maintenance is planned for the week of July 2, 2018.

CHIP AND SEAL

<u>Date</u>	<u>Location</u>
7/2 (Mon.)	E. 13 th St. from S. Ingram Ave. to S. Engineer Ave. E. 19 th St. from S. Ingram Ave. to S. Engineer Ave. S. Hancock Ave. from E. Broadway Ave. to E. 13 th St. E. 20 th St. from S. Wagner Ave. east to the dead end

Chip and seal places a coating of road oil on the existing city street followed by a layer of fine crushed rock. A roller is then run over the chips to embed some of them into the asphalt and hold the road oil in place. The layer of crushed chips including some loose chips remain on the street to prevent “bleeding” through of the oil to other surfaces, such as vehicles.

CRACK SEAL

<u>Date</u>	<u>Location</u>
7/3 (Tues.), 7/5 (Thurs.), 7/6 (Fri.)	W. 16 th St. from S. Limit. Ave. to S. Barrett Ave.

Crack sealing is similar to chip & seal without the crushed rock. The road oil fills cracks to keep most water out from under the roadway. When water is kept out, pavement deterioration is slowed extending the life of the roadway.

In areas where City crews are maintaining the roadway, motorists may expect delays due to lane restrictions and may want to consider using alternate routes.

We apologize for any inconvenience as we work to improve the street in Sedalia. The work contained in this announcement is weather and equipment dependent, so changes may occur from time-to-time. For questions about streets or to report a pothole or other roadway problem, please contact the Public Works Department at (660) 827-3000.

When: July 2, 2018 -- July 6, 2018, weather permitting

Where: Various streets east Sedalia and West 16th St.

Why: Lane Restrictions for Roadway Maintenance
