STREET IMPROVEMENT PROJECTS: ASPHALTING CONTINUES

(SEDALIA, MISSOURI) The City of Sedalia will be asphaltting streets in northeast Sedalia as part of our street reclamation project next week Aug. 21, 2017. Work planned for next week includes those roadways listed below:

Asphalt Work

<u>Date</u>	<u>Location</u>
8\21 (Mon.)	E. Jackson St. from N. New York Ave. to N. Heard Ave.
8\22 (Tues.)	E. Walnut St. from N. Engineer Ave. to N. Emmet Ave.
8\23 (Wed.)	N. New York Ave. from E. Howard St. to E. Boonville St.
8\24 (Thurs.)	N. Hill Ave. from E. Tower St. to E. Boonville St.

Street Department staff has made contact with residents and are posting signs regarding the asphalt work zones. This work will require closing of those streets and residents who routinely park along these streets will need to find alternate parking while the final surface is being installed. This work is weather and equipment dependent, so changes may occur from time-to-time.

Motorists are encouraged to find alternate routes on the day work is scheduled for a specific street or plan additional time to arrive at their destination as periodic lane closures will occur as equipment and men are working on the streets. We apologize for any inconvenience as we work to improve the streets in Sedalia.

For questions about streets or to report a pothole or other roadway problem, please contact the Public Works Department at (660) 827-3000.
