CITY OF SEDALIA TREE INVENTORY

(SEDALIA, MISSOURI): The City of Sedalia has received a TRIM grant through the Missouri Department of Conservation for completion of a partial tree re-inventory along certain street right-of-ways on public property and Crown Hill Cemetery. Davey Resource Group, the City of Sedalia's contractor, started collection on December 21, 2018 of tree data from three areas having the approximate boundaries of: 3rd St. on the north to Broadway Avenue on the south and Limit Avenue (U.S. Highway 65 – 885 trees) on the west to Ohio Ave. on the east (est. 384 trees); Broadway Ave. on the north to 11th St. on the south and Stewart Ave. on the west to Ohio Ave. on the east and Crown Hill Cemetery (City owned - 306 trees). The anticipated number of trees is approx. 1,575. The entire tree re-inventory data collection process should be completed by February 1, 2019. Data collected will include, but is not limited to, location, species, tree size, stems, condition, location rating, primary maintenance needs, secondary maintenance needs, risk assessment, risk rating, and observations.

Davey Resource Group workers will not be inventorying trees on private property and will not need to make contact with residents. However, should you be concerned about someone in your area, you can identify Davey Resource Group workers as they will be wearing high-visibility safety vests and will have Davey Resource Group identification cards available upon request.

Any questions should be directed to the Public Works Department, 200 S. Osage, Sedalia, MO 65301, or (660) 827-3000 extension 1166.

When: Friday, December 21, 2018

Where: Three approximate boundaries:

1. 3rd St. on the north to Broadway Avenue on the south and Limit Avenue on the west to Ohio Ave. on the east;
2. Broadway Ave. on the north to 11th St. on the south and Stewart Ave. on the west to Ohio Ave. on the east; and
3. Crown Hill Cemetery

Why: City of Sedalia Tree Inventory
