Intersection Improvements Begin: Highway 50, Oak Grove Lane, West Main Street and Leroy Van Dyke Road

Work is planned to begin today, December 27, 2016, on roadway improvements at the intersection of Highway 50, Oak Grove Lane, West Main Street and Leroy Van Dyke Road. Funded in part by the City's Use Tax and funds provided by the Missouri Department of Transportation, these roadway improvements will include widening of some lanes along with new signals and lane markings. Construction in this area will result in periodic lane and roadway closures to through traffic. Additional announcements related to lane restrictions and roadway closures will be made as construction proceeds.

Businesses along these roadways will be accessible throughout the construction project. Motorists traveling through this area may want to allow extra time to reach their destinations and be aware of the need to use alternate routes during construction. Below is a diagram of the planned roadway improvements.

We apologize for any inconvenience as we work to improve this intersection. Please note that this construction project is dependent on weather conditions and may be delayed due to inclement weather.

- When: Starting Tuesday, December 27, 2016
- Where: Intersection of Highway 50, Oak Grove Lane, West Main Street and Leroy Van Dyke Road
- Why: Intersection Improvements
