4:00 P.M. CDT, Friday, December 30, 2016

### **Intersection Improvements: Westbound Leroy Van Dyke Road Closed Between Hobby Lobby Drive and West Main Street**

Beginning Tuesday, January 3, 2017, the westbound lane of Leroy Van Dyke Road between Hobby Lobby Drive and West Main Street will be closed. Businesses along Leroy Van Dyke Road will continue to have access from the east as work continues on improving the intersection. The below map shows the section closed in “red”. This roadway closure is part of the roadway improvements project currently underway at the intersection of Highway 50, Oak Grove Lane, West Main Street and Leroy Van Dyke Road. Motorists traveling through this area may want to allow extra time to reach their destinations and may want to consider use of alternate routes during construction.

Funded in part by the City's Use Tax and funds provided by the Missouri Department of Transportation, these roadway improvements include the widening of some lanes along with new signals and lane markings. Construction in this area will result in periodic lane and roadway restrictions or closures to through traffic. Additional announcements related to lane restrictions and roadway access will be made as construction proceeds.

We apologize for any inconvenience as we work to improve this intersection. Please note that this construction project is dependent on weather conditions and may be delayed due to inclement weather.

When: Tuesday, January 3, 2017

Where: Westbound Leroy Van Dyke Road **closed** between Hobby Lobby Drive and West Main Street

Why: Intersection Improvements
