Public Works Committee:

1. Review bids for dumpsters for the Sanitation Department. Bids were solicited for 43 two-yard dumpsters and 25 four-yard dumpsters. The bids ranged from \$35,970 to \$48,565. Staff is recommending that the City Council accept the low bid of \$35,970 from Downing Sales and Services of Phillipsburg, MO. The bid meets all specifications. However, the Sanitation Department will not be paying the entire cost. The Sedalia Parks Department and the Sedalia Housing Authority piggy-backed on the City's bid. The Sanitation Department will purchase 40 two yard dumpsters and 10 four-yard dumpsters. The Housing Authority will be purchasing 15 four-yard dumpsters and the Parks Department will be purchasing 3 two-yard dumpsters. The total cost for the Sanitation Department will be \$24,030. \$30,000 is budgeted. The City has done business with this company in the past, and found its service to be satisfactory.
2. Review Change Order #1 from Cahills Construction Inc. for the amount of \$6,789.76 for the Horace Mann Safe Routes to School Project for final quantity adjustments. If approved, this change order will increase the contract price to \$134,698,66. This proposed change order has been approved by MoDOT and is 100% funded by a grant.

Finance/Administration Committee

1. Review Ordinance adopting a Code of Conduct for the Mayor and Sedalia City Council. This will be Sedalia's first Code-of-Conduct for its elected officials and sets a standard for ethics and performance.

In May 2014, both the Senate and House of Representatives for the State approved legislation to put a transportation sales tax measure before Missouri voters and on May 23, 2014 Governor Nixon placed this amendment on the August 5, 2014 primary election ballot. Mr. McGrath stated that work is being done with Pioneer Trails to put together a list of projects for the Pioneer Trail Region, rural Kansas City area, and a comment period is available from June 13, 2014 to July 3, 2014 and July 9, 2014 the list of projects will be submitted to the Missouri Highways and Transportation Commission for approval.

Amendment 7 Facts:

- 90% (\$480 million annually) will go toward state transportation initiatives – based on current revenues; 10% (\$54 million annually) to be split among cities (based on population percentage) and counties (number of miles of road maintained)
- Sales tax increase will not apply to purchases of medicine, groceries or gasoline
- Fuel tax will not increase and toll roads will not be implemented over the 10 year period
- Sales tax revenues can be used for any transportation purpose (rural/transit, bike and pedestrian accommodations, rail, ports and airport improvements)

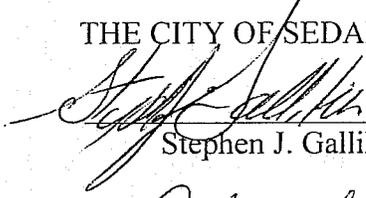

Public Comment Projects (affecting Pettis County):

- I-70 Improvements
- Hwy 50 – 4 lanes from Jefferson City to Sedalia
- Oak Grove Lane Intersection upgrade

PLANNING AND ZONING MEETING

The Planning and Zoning Meeting was called to order at 5:30 p.m. Roll call was taken, a quorum was present.

Approval of Meeting Minutes:

Without discussion Mayor Horn made a motion, seconded by Greg Nehring to approve the meeting minutes from the February 12, 2014 meeting. **The motion carried.**

Chairman George Esser announced that the Planning & Zoning Commission would be going into the Public Hearing at this time for the discussion and comments of the 2014 Comprehensive Plan Update.

New Business:

Dave Knopick of dPlanit was here to present the Update of the 2014 Comprehensive Plan.

This document is a continuation of the 2008 document. The updates/revisions have been indicated in red print. This process was made up of an Advisory Committee that included members of the community that were evolved and engaged in this process. We also had 4 Focus Groups that included additional community members: Neighborhood Development, Education/Job Training, Infrastructure/Government

and Economic Development. The Advisory Committee, Focus Groups, along with members of the administration were given homework assignments to complete for their input.

Below is the information that has either been added, changed or deleted for the 2014 Comprehensive Plan Update.

Planning Implications – 7 critical items to consider. Several foundational considerations when looking towards the future:

- Sedalia has shown resiliency in regard to retaining population growth and economic stability even during times where national and regional trends are in decline.
- Growth outside but in close proximity of Sedalia, in unincorporated areas of Pettis County, is still concerning factor that can impact the physical expansion of the Sedalia in the future.
- While the nation is in the process of aging, the population of Sedalia has been getting slightly younger, with young families appearing to be the driver for this trend as seen by increases in the under 5 and 20 to 34 years of age cohorts.
- Sedalia continues to grow more racially and ethnically diverse, with a significant increase in the Hispanic ethnic group.
- Improvement in education attainment has been occurring in Sedalia with a shrinking percentage of the population having less than a high school diploma and a larger percentage attaining some college education or an associate degree.
- Poverty is a concern with a growing percentage of the population living in poverty, while median incomes are rising.
- Vacant housing and age of housing stock are still concerns for the City of Sedalia.

Physical Development Plan Update:

The following components have been added into this section.

Neighborhood Goals -

NH.6 Sedalia will strategically promote social interaction in neighborhoods through programmatic and capital investment, and community design standards.

Education/Job Training Goal -

EDJT.1 Sedalia will creatively seek ways to proactively address education needs from pre-school through workforce development.

- CH.1.3 Investigate making physical improvements to the framework of the community that promote social interaction / involvement and physical activity (i.e. pedestrian / bicycle network connections, parks and recreation enhancements, etc.)

Comments:

John Simmons indicated that all Planning & Zoning members names are in this update and would like for them to be sure there are no changes before it goes to publication. When do we do the next Update – 2019/2020/2021?? Dave suggested that staff give a report annually of the decisions that were made throughout the year based on the Comprehensive Plan. It's really important to have record of that so that we can modify the next Comprehensive Plan. Next Update could be 2021 due to the census in 2020.

What has the P & Z accomplished?? John agrees that the annual report from staff to this Commission would really help to explain to the public what has been accomplished to give you a quick snap shot of what's been happening.

Miscellaneous Items:

John reported one success from today – the house on 5th & Massachusetts, 2 story green house – is gone. Demolition was today.

Dave is working with Andy and John on current Zoning Code to bring it up to date. There are elements that are consistent with this plan. Urban/Suburban Areas / Sign Ordinances / Set backs / ADA ramps. A draft of this will be brought to the May 2014 meeting.

Chairman Esser closed the public hearing with no comments at 6:17 pm.

With no other business the Commission adjourned at 6:20 pm. Wiley Walter moved to adjourn the meeting. LaVera Schmitt seconded the motion. E. Horn – YES, W. Walter – YES, B. Beck – YES, D. Albert – YES, C. McLaughlin – YES, T. McDermott – YES, L. Schmitt – YES, G. Nehring – YES, G. Esser – YES, J. Norton – YES. Motion Carried. Meeting adjourned.

CITY OF SEDALIA

CODE OF CONDUCT FOR THE SEDALIA CITY COUNCIL

INTRODUCTION

This code of conduct describes how Sedalia City Officials treat each other and work together for the common community good. Conducting the City's business in an atmosphere of respect, civility and positive public perception, is the Code's underlying theme. City officials are responsible for holding themselves and each other accountable for displaying actions and behaviors that consistently model the ideals expressed in the code. Excellence in performance by City Council members, employees and appointed board/commission members is the best way to achieve the common community good. A special obligation of the City Council is to set an example of leadership, which encourages and promotes cooperation. The City Council will strive for high standards of behavior and performance which will benefit all Sedalia residents. To help accomplish these goals, the City Council agrees to the following set of principles (in discussions below, the term "City Council" includes the office of Mayor, as well as the City Council members):

SECTION ONE – POSITIVE LEADERSHIP/SPIRIT OF COOPERATION

The Sedalia City Council recognizes that it is absolutely essential to remain positive in working together as a team. The City Council Shall:

- Work first for the betterment of all Sedalia
- The Sedalia City Council agrees to work as a team to find the best ways to meet the needs of Sedalia residents
- Assure fair and equal treatment of all people
- Refrain from abusive conduct, personal charges or verbal attacks on the character or motives of council members, board/commission members, staff and the public
- Trust and appreciation for one another, as well as a commitment to work together toward a resolution of problems, is essential.
- Avoid personal comments that could offend others
- Show no tolerance for intimidating behaviors
- Listen courteously and attentively to all public discussions and treat all people the way we wish to be treated
- Look for, recognize and promote the positive contributions of each council member
- Seek ways to turn obstacles into opportunities
- City government shall display a spirit of mutual cooperation with other major local institutions: Pettis County, SFCC, Chamber of Commerce, Water Board, Park Board, Library Board, Economic Development, downtown organizations and other entities

SECTION TWO – ADHERANCE TO PRINCIPLES

The Sedalia City Council agrees to adhere to the principles and laws governing the Mayor/Council/Administrator form of government and treat all staff with respect and cooperation:

- Agrees that the City Council makes policy and staff carries out that policy
- Refrain from interfering with the administrative functions and professional duties of staff; and neither give nor imply direction to staff
- Not publicly criticize individual staff, but will privately communicate with the City Administrator any concerns about a department or department director or staff person.
- Will not openly discuss personnel issues
- Will communicate through proper channels requesting assistance or follow-up
- Will not knowingly blindside other Councilmembers, Board/Commission members nor staff, in public meetings; but will ask the questions ahead of or immediately following a public meeting
- Councilmembers shall refrain from using their position to improperly influence the decisions of city staff, boards, commissions or committees.
- Public resources not available to the general public (e.g. city equipment, supplies, facilities, city staff time) shall not be used by Councilmembers for private gain or personal purposes.
- Refrain from negotiating for the City or making commitments for the City without the involvement and knowledge of the Mayor and City Administrator
- Councilmembers shall use their public office of public good and not personal gain.

SECTION THREE – PLANNING, GOAL SETTING AND ACCOUNTABILITY

The Sedalia City Council must be committed to a comprehensive planning process leading to mutually developed goals and accountability. It is imperative that all members of the City Council participate fully in Council workshops and retreats to ensure the necessary commitment of all members to the strategic planning process.

SECTION FOUR – ABSTENTIONS

The vote of each councilmember is critically important. Vote abstentions should be used rarely. When it is necessary to abstain from voting, a reason for the abstention must be stated publicly at the time of the vote. Although it might not be advisable, it is possible to proceed and vote even when there is a potential conflict-of-interest, but only after the conflict is publicly announced at the time of the vote. The Sedalia City Council agrees to refrain from the use of the vote abstention for any reason other than conflict-of-interest.

SECTION FIVE – COMMUNICATIONS

Councilmembers are free to express a personal view in the media, at any time, however:

- Media comments must not state or imply that they represent the view of the council;
- Media comments contrary to a Council decision or Council policy must not state or imply the statements represent a majority view;
- Media comments must not disclose confidential information.

If a public statement from the City Council is necessary, the Council, as a whole, will agree on a specific statement. While Councilmembers, staff and board/commission members may have their personal opinions, those personal opinions must be identified as personal opinions and not as representative of City Policy. Under no circumstances should public statements be made by Councilmembers based on rumors nor hearsay. Information upon which city decisions are or may be made must be communicated to all Council members equally.

SECTION SIX – EXECUTIVE SESSIONS

Missouri state law allows for City Council meetings to be closed in special circumstances. It is the responsibility of the Council and Staff to refrain from publicly discussing the subject matter from the executive council meetings. Councilmembers shall respect and preserve the confidentiality of information provided to them concerning the confidential matters of the City. They shall neither disclose confidential information without proper legal authorization nor use such information to advance their personal, financial nor private interests.

SECTION SEVEN – CONSTITUENT SERVICE

When a councilmember is contacted by a constituent with a concern, he or she will:

- Listen to the individual's concern
- Affirm the desire to reach a satisfactory solution
- Assure the person that appropriate action will be taken
- Express appreciation to the individual for presenting the concern
- Contact appropriate staff to submit constituent concern
- Follow-up to determine if appropriate action has been taken

SECTION EIGHT – POLITICAL ACTIVITIES

The political process is an important and positive part of the City Council. However, issues related to a Councilmembers election campaign must not involve on-duty city staff.

SECTION NINE - ENFORCEMENT

A violation of this code of conduct may result in a removal from office for cause.
