Re: Agenda items for City Council meeting on Monday, June 4, 2012

1. The City will hold a public hearing for the annexation of property consisting of 6.79 acres located on the western edge of Sedalia, along Mitchell Road. This property, if annexed, would be developed by Deer Brook Villas, L.P. as a senior housing development. A representative from Deer Brook Villas, L.P. will be at the meeting to speak to their request and plans. The ordinance annexing this property will be considered by the City Council at the June 18 meeting.

2. **Award bid for 20 Computer Workstations.** Over the general course of business, it is standard policy to replace equipment that has become obsolete due to age or maintenance issues. An original proposal for these workstations was tabled at the March 5, 2012 Pre-Council meeting. New bids were solicited and opened on April 26, 2012. As noted in the enclosed memo from IT Manager Monte Richardson, bids were solicited for 20 Dell computers. Nineteen vendors submitted quotes, with six bids meeting the necessary bid requirements. Staff recommends accepting the proposal for 20 Dell desktop computers from World Wide Technology, Inc. for a total of \$15,589.40.

3. **Readopting Section 2-833 of the Code of Ordinances of the City of Sedalia, Missouri which establishes a procedure to disclose potential conflicts of interest and substantial interests for certain officials:** Under state statute, the City is required biannually to readopt the ordinance outlining the City's procedure for disclosing conflicts of interest. This ordinance adopts the conflict of interest provisions currently outlined in our city code.

Should you have any questions or concerns regarding these items, please do not hesitate to contact me prior to Monday's meeting.

Re: Desktop Computer Purchase

Sir:
 The City issued a RFQ for 20 desktop computers to be opened on April 26th. Nineteen vendors submitted quotes, of which six met the bid requirements.

I am recommending that the City purchase 20 Dell desktop computers from World Wide Technologies. The computers in question are a sturdy business class computer with a proven reliable track record. Purchasing through World Wide Technologies lets us support a Missouri company. Purchasing Dell computers allows us to maintain a homogenous group of computers city wide at a reasonable cost and saves the City money in the long term through more efficient maintenance not available in generic computer systems.
